Fact Sheet

CURRICULUM: Montessori. The Montessori philosophy is an educational approach developed by Italian physician and educator Maria Montessori that supports the physical, cognitive, social, and emotional development of each child.

Curriculum pillars include:

- Activities of Everyday Living; manipulative skills, care of self, care of the environment
- Sensorial development
- Language and Literacy
- Numeracy & Arithmetic
- Cultural Studies
- Creativity
- Fostering a love for the outdoors and physical development

LANGUAGES OFFERED: English, French and Arabic

From two years old our curriculum offers full immersion in English and French or English and Arabic taught by well-qualified native language speakers. Our multilingual structure not only lays firm foundations for future language acquisition and brain development, but also the curriculum's emphasis on independence and creativity helps instill great confidence, imagination and problem solving skills in each child.

WHAT SETS US APART: Our whole philosophy is underpinned by the knowledge that a child's early years from birth to six is a period where a child has the greatest capacity to learn. Our first-rate facilities and highly trained staff provide an extensive curriculum to support this covering while adhering to the highest standards of world-class pedagogy.

21st CENTURY PRE-SCHOOLING: It's crucial in today's world to teach children to be creative and inquisitive, self-motivated and lifelong learners. We are proud that our children at Redwood can transition smoothly into any school curricula and have all been accepted into the best schools across the UAE and the globe.

FACILITIES: Spacious classrooms using natural materials carefully arranged by a certified Feng Shui master; outdoor play areas designed by Timotay in the UK; Splash Park; Gym; Projection Room; Organic Plantation.

ENRICHMENT PROGRAMME: Tennis, gymnastics, ballet, yoga, dance, music & movement
